About this trip

For our WinterWonderland holidays we seek out wonderful places that are great for trying out winter walking. Places that keep us active and outdoors even when it's a little cold - and where we can return to roaring fires, a cosy hotel and great local food. Andorra is perfect with its quiet mountains, well marked trails and lovely landscapes. To return to our family run cosy Andorran hotel is a delight. Your winter journey can begin with us ... or continue with us

This holiday is located in the picturesque town of Ordino which is home to museums and the starting point of many varied walks to explore the Andorra side of the Pyrenees and surrounding area. Our walks will give you a spectacular introduction to Andorra, or if you have been before, a chance to rediscover the beautiful country.

Our hotel is known for charming Andorran hospitality and traditional cuisine. It has a warm cosy bar, pool table and has a restaurant with views of the mountains.

The town has a fabulous sports centre with swimming pool and spa facilities. There is even an ice bucket! There are also many cafes, bars and restaurants in the town.

In the winter there are plenty of places to get cosy and enjoy a warm drink or two!
